About “She's Not So Ordinary”

Laura was once a girl who had everything to live for. A loving fiancée, a great job and two cats. That was until Jamiesonn came into her life, and in a whirlwind, everything she had was gone. For the next 18 months, her life spiralled out of control, until "he" came along. Garry was charming, witty, and in a way, a light in the darkness. But Laura is not all she seems to be, and her secret will be revealed.
